Dear Friends and Neighbors:

While our state has a part-time Legislature, we are your full-time state lawmakers. We are here to listen to your ideas and concerns and assist with your interactions with state government. We welcome your letters, emails, phone calls, and requests to meet in person. Please don't hesitate to reach out to us.

The 2024 legislative session begins on January 8. We will again be focused on the priorities of affordability, public safety, K-12 education, and government accountability. We will consider hundreds of bills in the 60-day legislative session. Along the way, we want your input on how these policies will impact you and our communities.

There are several ways for you to be involved in the legislative process. You will find helpful resources on the other side of this newsletter. A good starting point is visiting our websites and signing up for our email updates.

Sincerely,

Sen. John Braun
